

MG10 Professional Roller Ironer - 320 cm Flatwork Ironing Machine

The MG10 Professional Roller Ironer is a high performance flatwork ironing machine designed for continuous commercial use. With a 320 cm roller and vacuum assisted ironing, the MG10 delivers consistent, high quality finishing for hotels, healthcare facilities and commercial laundries handling large volumes of flat linen.

Key Commercial Benefits

- 320 cm roller width for high throughput flatwork finishing
- Capable of ironing linen with up to 40 to 45 percent residual humidity
- Extruded and anodised aluminium soleplate for smooth, long lasting performance
- Vacuum assisted ironing with adjustable roller pressure and speed
- Energy efficient electric heating rated A++
- Electronic control system with programmable cycles

Technical Specifications

Roller Width	320 cm (126 in)
Roller Diameter	40 cm (16 in)
Heating Type	Electric - A++ Energy Rated
Average Consumption	29 kW per hour
Maximum Power	48.6 kW
Electrical Supply	380 to 415 V, three phase
Roller Speed	1.8 to 4.4 m per minute adjustable
Loading Type	Single frontal
Vacuum System	Integrated vacuum motor
Product Dimensions (W x D x H)	411 x 94 x 120 cm
Product Weight	760 kg
Shipping Weight	850 kg
Warranty	5 Years
